# Adorable Hedgehogs 2017: 16-Month Calendar September 2016 Through December 2017

## Synopsis

Call them a pincushion with legs, a pinecone, a prickly pear, a hedgie, a pog, an urchin, or a quill kid, but hedgehogs are bundles of cute. These endearing woodland creatures will charm you with their uniquely expressive features, mild mannered disposition, and adorable snuffle grunts--all in spite of their spiky exteriors. The Adorable Hedgehogs 2017 calendar is 16 months of remarkably delightful hedgehog images and notable facts will have these exotic fellows rolling straight into your heart.

## Customer Reviews

I entered a giveaway for this calendar and won it. It is a 16 month calendar. The paper is a good quality and the photographs are clear and sharp. If you like hedgehogs, you will love this calendar. The last 4 months of 2015 are all on one page, so the spaces to write in them are really small. If you were expecting a spread for each of these 4 months, you will be disappointed. I know this is a standard so not a specific fault of this calendar, but personally I would prefer the 4 extra months to be of the following year instead of a precious year. By September, you should already have a calendar and wouldn't need this one. If you need it for school, you are going to want bigger spaces for the first few months until you get used to the schedule so it really isn't helpful for that. I would like it to be the next year, so I can record things happening in the future until I get a calendar for that year. I didn't get the calendar until 2016 so that is not a problem for me. The spaces for 2016 are one spread per month as you would expect on a calendar. The calendar is bigger than the ones I usually get - it is a 12' square, so there is lots of room to write. Each month, besides a photograph

of a hedgehog, it also includes some facts about hedgehogs. The calendar part includes holidays from different countries and icons that show the phases of the moon. It is coming in very useful already.
