Customer Reviews

Very clear and straight forward lessons, the key is to practice every lesson as much as needed for a better understanding of the language. Audio examples are very clear, you first listen at a normal speed and then a little bit slower which is a good practice.

This is categorized as an audio book. It is not an audio book. It is a compact 300 page text book in 7 point text with one disk. Based on description I thought it had multiple disks with a guidebook. Not so. Be forewarned.
