# Two Is Enough

## Synopsis

Two is enough when itâ™s me plus you!Two is enough for joy . . . love . . . comfort . . . support . . . celebration . . . a family.From playing in the snow to a rainy-day ride, to double-scoop treats and crash-landing in leaves, two can be the perfect number for creating life's memories. And two can definitely be enough for a warm family, full of the love, support, and comfort that every child needs.

Age Range: 3 and up

Grade Level: Preschool and up

## Customer Reviews

This is such a cute book, featuring children with one parent or a grandparent. It's great for children of single parents, but also for children who just hang out with one parent often. Very cute, diverse characters and positive story line that children can relate to. I bought it for my 2 year old son and it seems to be just right for bedtime reading.

Single parents/guardians here's a great book for you and your kiddo.Two Is Enough by Janna Matthies.I love all the various kinds of family books we're seeing these days and this one is no exception. It's a lovely reminder that a family of "two is enough." Plenty examples of love with diverse pairings of guardian and child. If you don't mind getting a little misty-eyed and need something for your collection. This is a great addition to your family's library.

This is a very sweet book for single parent families. I love the diversity of the characters and how it doesn't compare single parent families to traditional ones, it just says two is enough!

Great book for single parents.

good storyline.
