Heaven Breaks In

Synopsis

Archangel Michael - senior war angel and chief strategist - mentors Littleton, a clever angelic messenger on his first assignment. Through their letters, we see first-hand how spiritual warfare works in modern times. Littleton fights to help Davis Lewis Chandler, a first-year college student who is slowly drifting from the Lord. Character dialogue scenes within the letters give us a front-row seat to the action. Book I of the series; to learn about the release date for the sequel, sign up on his website at www.heavenbreaksin.com "Cappas hit a home run! Reads like a modern Screwtape Letters." Brent Slade, FCA Baseball Director "Inspired by the literary genius of CS Lewis, Cappas skillfully takes The Screwtape Letters and turns it on its head. Captivating to the heart & mind, Heaven Breaks In masterfully affirms God's wisdom and presence victorious over life's challenges." Jana Harmon, Teaching Fellow, CS Lewis Institute of Atlanta "Cappas awakens our imagination to the reality of spiritual warfare. Heaven Breaks In reminds us that our battle is not against flesh and blood, and he who is in us is greater than the one who is in the world." Robby Higginbottom, College Minister, Park Cities Presbyterian Church, PCA "Intriguing story, fascinating characters. This bookâ€™s bound for Hollywood." Chris Milhous, Former CEO of Ogilvy & Mather Atlanta, Managing Principal of MB Global House "Cappas weaves the truth of Scripture beautifully into the life and story of his protagonist Davis. A powerful aid to help us see our world through a biblical lense." Caroline White, RUF Campus Ministry "A stirring reminder of the warfare we face. Cappas has the piercing insight of a first-rate scriptwriter. Christian storytelling just reached new heights!" Anna Julise Cook, Professional Actor "A masterfully orchestrated depiction of the struggle, salvation, and redemption of the Christian in the modern world; Heaven Breaks In is both a challenge and an encouragement to anyone who has ever wrestled with the purpose of his own existence." Wilson Waggoner, University of Virginia Alum, Former President of Kappa Sigma Fraternity "Heaven Breaks In pulls the curtain back on the reality of life as a college freshman. As the story unfolds you will be drawn in, find the book hard to put down, and discover spiritual insights that might just change the way you view and live life." Jason Ellerbee, Young Couples Pastor, Briarwood Presbyterian Church, PCA

Customer Reviews

I planned to start this book and read gradually over time. However, I finished within 24 hours of starting. While it is not a long read, the narrative is easy to read and flows seamlessly. I was surprised at how well Mr. Cappas captured the reality of life on a modern day college campus. I felt like I went back in time thirteen years to my freshman year in a large southern university. I wish I had read a book like this one before taking the "long" road to my destiny in Christ. This book should be placed in the hands of every high school senior. Mr. Cappas works in sound, biblical truths while captivating the reader to just read "one more page" until he or she discovers that there are no more pages. As a missionary to Latin America where the spiritual realm (heaven and hell) is very prevalent and the miraculous is normal Christianity, I believe the church in the U.S. is asleep to the spiritual war around us. There is a great slumber where many in the body of Christ in the U.S. choose to rationalize or ignore the spiritual realm based on their lack of experience as opposed to relying on the truth set forth in the Bible. I believe this book is a wake up call to the need for our young people to have solid support from mature believers and the church while they encounter an onslaught of attack at a vulnerable stage in life. The book does not focus on being fearful that there is a demon behind every corner, but instead emphasizes the authority we have in Christ and how Jesus loves us so much that he has surrounded us with ministering spirits to protect us. It is clear that the author knows his Bible but has also received revelation from the Holy Spirit about grace and the Father's love. I applaud Mr. Cappas on his work and look forward to the sequel!

I started a bit skeptical because of the traditional churchy terms and themes. I consider myself less old-school in the way I approach my Christianity. But his depiction was so compelling and no-nonsense that it truly did change the way I started to think and act! I was amazed at how, each time after reading Nicholas's book, as I went about life I noticed the thoughts and feelings that were influencing me in good and bad ways. And I was able to hold onto the good ones and jettison the unhelpful ones. For example I often think that I can do this journey alone, but it reminded me how important spiritual friendship is. The book was a fast read because of succinct language and quickly paced plot. I had to force myself to stop to think and pray at times because it was so important that I internalize what I had just read before I could go on to read more. Anyway, I was pleasantly won over by this book, not only because of its quality of writing and storytelling, but because of the beautiful way it is turning me toward Jesus, in the battle over my heart and mind again. I know that sounds churchy. But it's true. Thanks Nicholas.

Heaven Breaks In is the kind of book that breaks the standard mold of Christian Fiction and takes risks in a way that is new, fun, and satisfying. I found myself getting completely immersed in the story and especially with how the story is told through letters back and forth from the two angels. This truly is the "angel version" of Screwtape Letters and you'll find yourself stopping to ask yourself...how many times have I been unaware of these things happening around me? The characters, story, and setting is so realistic and very relatable. I think that the conversations had around the story and situations that happen in the book will be convicting and exciting! I personally cannot wait until some of my friends read this book so I can talk to them about it. Some really fascinating themes here that will encourage any believer's faith and awareness of the spiritual battle around us! Definitely the perfect book for any small group or book club, whether college aged or not. However I do think that the college setting lends itself to be really particularly relevant to any college aged Christ follower. I cannot wait for a sequel!!

I enjoyed the Screwtape Letters and when I read that Heaven Breaks In was in that style I was skeptical. After a few pages the skepticism vanished and by the end of the book, which came much too soon, I was hoping I'd find info on a sequel. It's a great read that C.S. Lewis would be honored to be associated with. The spiritual warfare is real and the author does a terrific job explaining it and showing the results, both positive and negative. I know our Lord was active in its writing and will use this book for His glory in the years ahead.

Heaven Breaks In is truly one of the most thought-provoking and encouraging books that I have ever read. Capps not only made Davisâ™ (the main character) stories relatable, he also effectively depicted the spiritual battle surrounding each scene. As a young college alum, I felt as if the events that Davis (the main character) experienced may as well have happened to me. So, I found myself choking with emotion as I read how the Lord continuously mobilized His angels to fight for Davis âœbehind the scenesâ • against demons and plans of evil! Through the spiritual battle encompassing each scene, I gained a new level of understanding for our desperate need for prayer. Furthermore, I was shown new examples of the depths of Godâ™s grace when we fail to acknowledge the unseen spiritual battle, and when the condition of our hearts is failing. Heaven Breaks In already is being compared to C.S. Lewisâ™ âœThe Screwtape Lettersâ •, as it was inspired by Lewisâ™ work. However, it also broke new ground as Capps incorporated a healthy balance of character dialogue in the angelsâ™ letters. I believe this book will be a solid contributor to the recent reawakening of âœChristianâ • art. Every scene is beautifully and skillfully written, yet is easy to follow. Although this book should be required reading for college students who will likely experience Davisâ™ events firsthand, it is a must read for everyone. Satan usually attacks Godâ™s children through subtle deception, rather than through obvious ambushes. An effective way to attack evil is to expose these plans of deception, and Capps does this through Heaven Breaks In.
