## Customer Reviews

A very enjoyable western historical romance kindle book from at a special price and from a delightful author who keeps me entertained throughout the entire book before putting it down. A very

ornery lady who was hiding the fact that she had a problem with others gave the son and his new wife a big problem. The son had to be away on business when he was hurt and presumably dead was found by a special man who helped him home. A must read for a delightful experience.

EMILY is looking forward to being a wife of a RANCHER and a mother. Walter wants a wife to share his life with and some children to make a family. He did not tell Emily about the attitude of his mother since his father had passed away. EMILY is sure that everyone will get long and they can be a family. Minnie starts off on the girl as soon as she lays eyes on her. Walter has to leave on business for a week or more and there is an accident. Be sure to read this book to find out the outcome of this newly wed couple and the mother in law.

I have not finish reading this book. It has started out with an interesting story line and I will finish reading it, but the editing is terrible! Big sections are repeated while other sections are left out. You have to go back and read to make sure you understand. I've only read the first chapter so maybe the editing gets better.

A lovely sad then enriching story that will take you on a journey from one emotional end to the other. I heartily wish you on this journey and recommend to each of you. You will not regret it.

This mail order bride book has been one of my favorites. Thank you so much for this remarkable story of not only a man women getting together, but building a new family. Thanks
