Customer Reviews

First of all, I read One Friday Afternoon first, but you don't have to read this one first to enjoy the second book in this series. However, I always like knowing the background of characters. It's out of character for me to read them out of order, but I don't have regrets. I was pulled to read One Friday Afternoon first, and I believe that was because it was about marriage. This story is about an abused

woman, Serenah, who is pregnant with her firstborn when she decides that if she stays with John it will be the death of her. Only abused victims can understand her thinking and actions. She moves to a new town, with a new name and new life. She is constantly looking over her shoulder and is always alert just in case John has located her. Sure she could never trust anybody, but without trust she would never move on to her new life. In my opinion, this book is written brilliantly. I gave up on God, and it took my miscarriage to bring me back to Him. My unborn daughter is the one who saved me more than once. It was a difficult pregnancy. I was considered high risk. Emotionally I can't let her go. I didn't blame God, but did not seek his comfort either. My husband and I dealt differently with the miscarriage. It has been a rough two years in our marriage, but now I am at peace with it. It was the worse day of my life! I would be further in my journey if I would of entered my relationship with God sooner. It is amazing once you truly give yourself over to God. If you are willing to let him He will lead your life according to his will. I saw some reviews stating that they didn't agree with the timeline, I would have to disagree. It depends on the person's spiritual relationship with God.
