Customer Reviews

My kids have read all five previous stories of this series, so they were just waiting impatiently to get the next one. It looks like these Minecraft novels are the real treat for children as I see they've become avid readers. This is a good trend, I would like to admit.

Minecraft- Legend of Enderson is an exciting virtual gaming tale where Clive, an ordinary 17 year-old boy finds out he's actually part Enderman by Stan the Enderman. Troublesome Herobrine sent the Zombies to capture Clive but Stan warns him- telling him to run. Of course Clive doesn't listen because he has to go back and save his mom from the zombies. And just when it's getting really good, the author slaps you with the unexpected! You'll have to read it to find out! Bravo!

This Minecraft will make a great Halloween read! If you love zombies, most 'people' do, then dig into Legend of Enderson and marvel at how Clive must escape the clutches of a zombie while fighting for his family. Clive has the opportunity to decimate the evil of the zombies for good but only if he leaves his home. Trouble is, Mom is still there. Will Clive opt to save one over the many?

This book's story is okay, most of the time the guy is just talking to an enderman but the ending is Sooooo stupid it ends as a cliffhanger but the "next book" has nothing to do with the one before it

i didnt buy. 3 bucks for 39 pages of probaly herobrine beating up a kid. dont know, never will. always check the pages before you spend three dollars.

too expensive!!!!!!And the story is so short!!Liar!Gave my money back!Everyone please don't buy his books!Or you will feel sad for his books
