Customer Reviews

I'm sorry Jenny but I knew everything in this book it's all old news so maybe you should try something more interesting and it was a waste of money to read something this short you cheated everyone out it says the ultimate book of 5sos. But really it was 100 and something pages and most of them were blank or had one pic or question so it really sucked

It was really good and gave me more facts I didn't know before, but there were some grammar mistakes that could easily be fixed. Also, the summary made it sound like it had unique facts that no other book had, but unfortunately felt that wasn't the case. Still a good read, though!

I found out some very interesting things that I didn't know about them before like Luke's favourite colour or that Michael's favourite Disney movie is Camp Rock.

My daughter loves this band and the book was exactly what she wanted.

Granddaughter loved it.
