Horton Hears A Who And Other Sounds Of Dr. Seuss: Horton Hears A Who; Horton Hatches The Egg; Thidwick, The Big-Hearted Moose

Synopsis

Horton Hears a Who! Horton the Elephant hears a cry for help from a speck of dust and tries to protect the tiny creatures who live on it from the other animals. When his friends accuse him of imagining things Horton persuades the Whos to make as much noise as possible to prove they do indeed exist. Academy Award®-winner Dustin Hoffman's masterful narration, along with original music and sound effects, brings to life the heartwarming tale of Horton the elephant. Horton Hatches the Egg Horton is persuaded to sit on an egg while his mother, Maysie, takes a break. What Horton doesn't know is that Maysie is setting off for a permanent vacation in Palm Springs. He waits, and waits some more, through a freezing winter and a spring filled with insults from his friends. When the egg finally hatches everyone is in for a surprise. Thidwick, The Big-Hearted Moose This classic Seuss tale features Thidwick, a happy-looking moose from Lake Winna-Bango with incredible antlers and a kind heart. Everyone takes advantage of his generosity and soon he has most of the other animals nesting on the top of his head. Will anyone take pity on him, or will he be able to cross the lake to rejoin the herd before winter?

The readers do such an amazing job reading these books aloud! They use different voices and their inflection and tone keep my children very interested. We can listen to these books in the car over and over! I highly recommend this CD!

Stories Featured: Horton Hears a Who, Horton Hatches the Egg, Thidwick the Big-Hearted Moose. This is definitely my favorite collection of Dr. Seuss's works, with Horton Hears a Who being my favorite story. It's nice to see that such an effort was put into making this audio book and properly making up for the lack of animation that is just natural with sound. That lack is more than made up for with creative background sounds and narrators, like Dustin Hoffman, who read the popular tales with flare and animation in their voices. This is a fine collection to own for anyone who wants to hear the sounds of Dr. Seuss. I'm sure Dr. Seuss himself would be quite proud. Enjoy.

The first two stories were just ok. The lady who narrates the third however was one of the best I have heard. If she does all the voices herself she is incredibly talented.

I love sharing the original story with my students. Too many of them only think of this story as the movie.

This is an awesome CD for preschoolers to hear the Horton Hears a Who! by someone other than a teacher. Keeps the kids totally engrossed in the story.
