This series is excellent for teaching my ESOL students to read English while allowing them to continue to learn American History with their peers. Paul Revere's Ride is a great example of the series. It is a comprehensive graphic novel which tells a good story and includes some details which were unknown to me. I highly recommend this series.

I am a teacher and my students absolutely love these books! I would give them 5 stars, but they are cheaply made and pages start falling out after only a small amount of use.

It is a comic which my 4 year old loves, and it has history right as well. Good book to get kids interested in history.

Very intriguing on how Paul Revere alerted the colonies to the British advance! A good read!
