Best book ever I now know a lot about Harry styles most of them I would have never knew and most were weird though

I loved it! It really has a lot of facts and it is really well written! I absolutely am a Harry loved!!

My daughter loves One Direction, and especially Harry Styles. I let her get this ebook when I got a Kindle. She enjoyed reading it. Some facts she already knew, but she said there were many she had not heard before. She enjoyed it.

I live somewhere that not many kids get to live which is on a boat and I love to listen to music and one direction is one of my favorites besides Taylor swift and Lindsey sterling and I did not want to learn about stuff that is not necessary I wanted to learn about what it is like for him to be somebody in the world . I know knowone in the world probably will agree with me but I don't care. I don't have much in this world I just hope he understands that what he has is something people like me don't have the money or time for. I live on a boat with my family of 4 girls (including me) 3 boys and my parents. I don't want to complain I am learning Banjo and am hoping to play with my dad and my two sisters I have a wonderful life and I love it . I just want them to know that they have a wonderful life to and that they should hve fun while it lasts.

Love it definitely for a directioner!!!!!!!!!!!! I LOVE HARRY STYLES HE IS SOOOOOOOO HOOOT!!!! love Harry Styles he is my favorite out of all of one direction! BTW It says what his old Facebook name was and I was friends with the real one!!!! :) :D

I don't mean hilarious because Harry is so entertaining in the stuff he does. There were a few true things in here but mostly not. No I don't know Harry but I do know that Nick Grimshaw was not the stripper at Harry's 19th birthday party. That would have been amazing but NO. This book was released on Feb 9 and it says Harry and Taylor broke up in January but are back together. NO... I think if you have read or watched any news you will realize that Harry and Taylor didn't break up because they were never together. Anyway not the point. It also says he learned how to treat women because has sisterS, he has A sister. IF Harry speaks fluent French, he lies about it constantly and why would he? If you are trying to learn new stuff about Harry, try One Direction: Dare to Dream: Life as One Direction. It seems to have the most truth in it, based on what the guys actually say in (live)interviews. Some of the things in this book are true about other members of the band, just not Harry. It will take less than 5 minutes to read but it is funny. I'm not sure if I would recommend it or not, definitely not if you are a new fan. The part about Nick is in the preview, if you click on Look Inside. There are no additional pictures besides the first two that you can already see in the preview. The book could have been typed on Notepad and submitted to be honest.

I think the book inspired me to see things different and find ways to know how I feel most times . It really helped me and I really want to give a thank you to the author of this book. She really helped me solve a problem.

If you think I'm crazy Harry styles seams outward having 4 nipples. If he was a mom he said have no problem feeding 4 babies. The thing is some people ire wears from looking at them once but you have to read this book to know how wears he really is.
