This series is so good! I love how this book actually has hit home with me in my life & how the Angels never leave us. I'm amazed @ how this book pictures my life in so many different ways. I'm loving the passages in each chapter that make me think on my own struggles but remind me of my Father's love for me despite my wrongs. Can't wait for the next book!! This is a great read for someone that has lost faith.

Vanessa Miller is the truth! This book made me cry, laugh, Praise God and pray! I don't want to give anything away about the book, but God can and will use anybody to reach his people! This series is a must read!

Wow is all I can say about what I have read thus far. This series is great and I am just beside myself that I have to wait another month for the conclusion. Hats off to this author and I say well done...

Vanessa Miller is a writer that is so thoughtful about the struggles and challenges that we have in everyday life that she is able to depict them in riveting tales and nail-biting, suspense filled stories. With every story, she is still a master at using her uncanny knack for disclosing the happenings of our everyday lives in the natural and spiritual realms. Family Business II, is no different. Miller takes us through the tumultuous lives of two unlikely loves, and just when we thought their story had settled, takes us on another journey of unsettlement to a destination that is the underlying current of the entire story. There is an attack on destiny in this story, but in the end, we know that destiny won't be outdone. You have got to read both books. You will fall in love and gain an emotional connection with many of the characters. I can guarantee by the end of both books, you will be anxiously anticipating what comes next.

Again, I love everything that Vanessa Miller writes. She really helps me to have hope in "Our Father" and the Angels who protect each and every one of us. If I didn't believe, I do after reading her books. I am about to read Family Business III

This book, like all the books by this author I have read, testifies, I believe, to every reader and points them to the word of God for whatever is needed in their life. Vanessa Miller's books, is a guide helping to fulfill The Great Commission. I highly recommend them. I will be purchasing and sharing more of her books.

I really enjoyed reading Family Business II. I was so glued to it that I read the entire book in one night. I see this book evolving to many levels. Everytime I tried to put it down, the book kept pulling me back to it. I'm patiently waiting for Family Business III to come out...

I read Family Business 1 looking forward to 2! Ok. Update!!! Family Business II is a page turner from beginning to the end. I couldn't put the book down!! I need for to #3....Vanessa Miller never disappoints me once again another great series under her belt!!!
