Customer Reviews

I have other opposite-themed books that were better. My son loves the older Bunnies by the Bay "Where's Puppy" version with the dog on every page. He also likes the newer Bunnies By the Bay "Opposites" book with a fabric dog on the front cover. Both of those books had more examples and the images were pretty clear so I liked those better. I do own a number of Babies Love books and love them - its just I do not like this particular one because the images of the opposites need to be more drastic or clearer.

Got this book for a first birthday gift for a friend. It has big flaps for baby to lift up with part of the story under the flaps. Seems durable. I want one for my own daughter!
