Great gift for a little princess, beginner reader on her birthday. Has many of new readers sight words. Has nice rhymes to encourage memorization. My daughter loved as a gift when she turned 5 and still reads this book now. It's cute and fun. Has a page or two for each princess and her birthday celebration. Includes Jasmine, Rapunzel, Ariel, Cinderella, Snow White, Tiana, Belle, and Aurora. All princesses have 2 pages dedicated to them except Jasmine and Tiana, they have one. Hmmm.

My daughter loves Disney Princesses! I bought this for her birthday and she was extremely excited! She loved this story because not only was it about her birthday but because it had Tiana and Rapunzel in it!! She often seems annoyed that most of the stories feature Aurora and Snow White

because she has no interest in the oldest princesses!

This is a good book. Cute of course, we love Disney and Princesses are our biggest thing these days. My little Kindergartener is able to read this book. With some assistance. But she is loving the colors, choices of princesses and the size of the book. Great buy.

My 4 year old daughter thoroughly enjoys this book. While she cannot read, the words are short enough and LARGE enough so that she is starting to recognize them and this book is helping her learn to read. It is simple, and clear, and the pictures are evident of what is happening in the words. This helps her to try to associate words with situations. We bought this for her for her 4th birthday and she looks through it often.

Happy Birthday, Princess is a Disney Princess children's storybook that features the popular Disney Princesses as each Princess celebrate her own unique birthday parties. Like Tiana(from The Princess and The Frog)as she is treated to a birthday jazz party, and Aurora(from Sleeping Beauty)as she gets ready for her special birthday, and Rapunzel(from Tangled)as she and Eugene enjoying the lantern festival, and Jasmine(from Aladdin)as she celebrates her birthday by giving the children of Agrabah candy. This book is perfect for any Disney Princess fan as their birthday present!

My daughter is just 2 years old, but these Step 1 readers (we have another Disney Princess reader, also) are perfect for her, with only one line on each page. She has really enjoyed reading them and asks for them everyday. I think these will be favorites for a long time.

My 5 year old niece absolutely loved this book. She is very into Disney princesses. This book was perfect for her age level. She listened raptly and asked questions about the pictures. She enjoyed it thoroughly. I highly recommend for any little princesses out there.

My youngest just turned 2, and she loves all the pictures of her favorite princesses celebrating their birthday's too! And it's simple enough for her older sister to read it to her
