Customer Reviews
This book was a requirement for my Business Ethics course. I had a chance to read it all over, and really enjoyed all the concepts. Definitely recommended. However, it’s not one of the books that I’d pick to read just for fun. It touches up on interesting ethical concepts, such as: pay inequality and cheap labor overseas, as well as covers the moral issues when it comes to the decision-making process. Each chapter has a few nice stories at the end, which could be looked at from different points of view. Great reading never the less.

Rented the eBook for more than 5 months and 4 months later it says that my rental has expired. Worse thing is, there’s no way to prove that I rented it for as long as I have. So I proceeded to rent it out again. But this time it was never sent to my device. and I paid for the rental. Worse ever
This book was actually very easy to read. All of the key words are bolded, and each chapter has lots of little summaries on the sides of the pages to help you understand the concepts.

Great Book in Great condition! The pages were in very good condition, no defects or damages. Didn't like the class though haha, but perfect quality! Recommended!

This book is required at collage for my son. It came in on time and was priced competitively compared to school bookstore.

It provides great cases and examples for discussion.
